In connection with the analysis of the fiscal impact of the City of Bloomington's proposed annexation, we have, at your request, prepared this special purpose report. This special purpose report includes the following schedules:

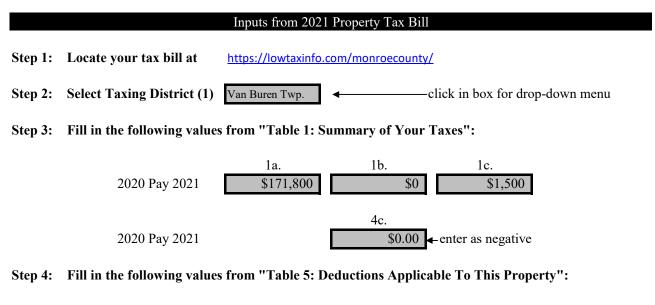

Page(s)

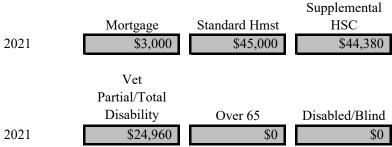

- 2 3 Bloomington Annexation Estimated Tax Impact
- 4 6 Sample Tax Bill User Guide
 - 7 FAQ Regarding Property Tax Impacts from Annexation
- 8 11 Estimated Revenue Impact to Overlapping Taxing Units
- 12 Summary of Estimated Revenue Impact
- 13 Estimated Revenue Impact City of Bloomington
- 14 Revenues Over Maximum Costs City of Bloomington

In the preparation of these schedules, assumptions were made as noted regarding certain future events. As is the case with such assumptions regarding future events and transactions, some or all may not occur as expected, and the resulting differences could be material. We have not examined the underlying assumptions, nor have we audited or reviewed the historical data. Consequently, we express no opinion thereon, nor do we have a responsibility to prepare subsequent reports.

BLOOMINGTON ANNEXATION - ESTIMATED TAX IMPACT

Estimated Tax Impact from Annexation (2)

Dollar Increase	Percentage Increase
\$423.86	49.74%

Please note that if you are a property owner in Benton, Bloomington or Salt Creek Townships, and you qualify for the over 65 circuit breaker credit, your tax impact above could be understated, but the tax impact will not exceed 2% of your 2021 property tax liability. This is due to the level of the tax rate change in those taxing districts from 2020 to 2021. The over 65 circuit breaker credit is available to those who qualify in all taxing districts.

See below for detailed calculations.

To ensure accuracy of the data inputs above and the resulting tax impact, check the current property tax bill highlighted below to make sure it is within +/- \$0.02 of your actual total property tax liability on Line 5 of Table 1 of your 2021 tax bill. If it is not within the margin of error, please double-check your inputs.

Notes and Disclaimers

- (1) Found under the "Taxpayer and Property Information" section of your tax bill.
- (2) Based on 2021 tax rates.
- (3) Where applicable, includes the upward adjustment due to voter-approved projects and charges.

The tax impacts are based on 2021 tax rates. Many factors will change between now and the first time annexation area taxpayers pay taxes as part of the City, assuming a successful annexation. One such change will be the inclusion of unincorporated Benton Township in the Monroe Fire Protection District, which will increase the applicable tax rates. However, this change is not driven by the annexation.

^{1.} The property tax cap is calculated separately for each class of property owned by the taxpayer.

^{2.} Changes not subject to the property tax caps include property tax levies approved by voters through a referendum. When added to the base property tax cap amount for your property, this creates the effective tax cap. For more information, see the back of this document. Information regarding the referendums proposed during the most recent elections can be located online at

^{3.} If any circumstances have changed that would make you ineligible for a deduction that you have been granted per Table 5 of this tax bill, you must notify the county auditor. If such a change in circumstances has occurred and you have not notified the county auditor, the deduction will be disallowed and you will be liable for taxes and penalties on the amount deducted.

Taxes 2020 Pay 2021 – The summary of calculations based on this year's tax rates.

Tax Relief Credits - Credits are determined annually and are used to reduce property tax liabilities applicable to properties in this table.

- Local Property Tax Credits Relief credit generated by the local income tax, which can be used to reduce property tax bills.
- Over 65 Circuit Breaker Credit Credit for a calendar year if homestead qualifies and age, adjusted gross income, homestead assessed value, and other eligibility requirements are met. The credit caps the increase of the homestead property tax liability of credit recipient at two percent (2%).

TABLE 2: PROPERTY TAX CAP INFORMATION

Property Tax Cap – Property may not be taxed above caps prescribed by law, unless voters approve additional taxes. Those caps are 1% for homesteads, 2% for other residential property and farm land, and 3% for all other classes of property. When voters approve additional spending in a referendum, an **adjustment to the cap** is made to reflect the additional expense. This excess revenue is calculated as a separate value and added to the cap figure. This new value is considered your effective property tax cap or the **maximum that may be imposed under the cap**. Taxpayers should note that the circuit breaker cap amount is the combined cap amount for all classes of property applicable to a parcel.

TABLE 3: GROSS PROPERTY TAX DISTRIBUTION AMOUNTS APPLICABLE TO THIS PROPERTY

Homestead Credits

Monroe County provides local property tax credits for certain taxpayers pursuant to IC 6-3.6-5 and/or IC 6-1.1-20.4. Taxpayers receiving a local property tax credit will see the credit amount in box 4A on the Form TS-1A.

Information on the valuation of your property and a copy of the property record card can be obtained from your assessor at (812)349-2502 or www.co.monroe.in.us. To obtain a review of an assessment, the taxpayer must file an appeal via a Form 130. If the Form 11 is mailed before

May 1 of the assessment year, the filing deadline for real property is June 15 of that year. If the Form 11 is mailed after April 30 of the assessment year, the filing deadline for real property is June 15 in the year that the tax statements are mailed. For personal property assessments, the filing deadline is not later than forty-five (45) days after the date of the required notice (Form 11).

NOTE: Failure to file a timely Form 130 can be grounds for dismissal of this appeal. The assessing official who receives an appeal filed by a taxpayer must: (1) immediately forward the notice to the county board; and (2) schedule a preliminary informal meeting with the taxpayer in order to resolve the appeal.

For further instructions on filing an appeal or correction of error, contact your assessor at (812)349-2502.

Please note that the appeal requires relevant evidence of the true tax value of the property as of the assessment date (January 1, 2021, for mobile homes assessed under IC 6-1.1-7 and January 1, 2020, for real property).

FAQ REGARDING PROPERTY TAX IMPACTS FROM ANNEXATION

- Q1. When I utilize the property tax calculator on the County's website I get a different result from what is shown in the fiscal plan on the City's website (the "Fiscal Plan"). Why is that?
- A1. There are numerous reasons why the results are different. Those reasons include:
 - The tax impacts in the Fiscal Plan are based on 2019 assessments, which are outdated. Per Indiana Code, the parcel list should include "the most recent assessed value of the parcel". This can be difficult given the time involved in the preparation of a fiscal plan, particularly one this large, but for our purposes, we used the more current 2020 net assessed values for taxes payable in 2021.
 - By using the 2020 Pay 2021 data, we are capturing changes in ownership, assessed values, tax rates and other factors.
 - The tax impacts included in the Fiscal Plan factor in assessed value growth of 12% total over 4 years, whereas our calculations do not factor in growth. This growth is speculative and may or may not occur with or without annexation. In addition, the growth is applied improperly in the Fiscal Plan. If assuming growth, it should be applied to net assessed values with the applicable adjustments to deductions, but it appears to be incorrectly applied to gross assessed values, which creates inconsistencies in the net assessed value growth per parcel. We are only comparing the impact on current tax bills based on the tax bill today vs. the tax bill if it were in the incorporated City of Bloomington today.
 - In addition, the breakdown between the tax bill increase due to assessed value growth and the increase due to annexation is not calculated properly in the Fiscal Plan. It assumes that 12% of the tax bill increase is due to 12% growth in assessed value. This is not correct, and it understates the tax bill increase due to AV growth and overstates the tax bill increase due to annexation.
- **Q2.** Is it possible that my tax impact from annexation could be different by the time a successful annexation would become effective in 2024 for taxes payable in 2025?
- **A2.** Yes, it is entirely possible and likely. Over the next 4 years, it is likely that assessments and tax rates will change, many of which may be out of the control of specific, individual taxing units. However, the estimated tax impacts calculated by the tool on the County's website are the best estimates based on the facts as known today.
