ChamberCare: Background & Program Overview

Overview

The Greater Bloomington Chamber of Commerce has partnered with the Indiana Chamber, the Indy Chamber, SIHO Insurance Services, CVS Caremark, and Delta Dental to introduce ChamberCare, an enhanced health plan crafted specifically for Hoosier small and mid-sized businesses. Built as a MEWA, ChamberCare enables employers with 2–50 employees to access competitively priced, high-quality healthcare coverage normally available only to much larger organizations.

This partnership reflects a shared commitment to strengthening Indiana's business landscape by reducing barriers that limit growth and workforce stability. Through ChamberCare, employers gain practical, affordable solutions while employees receive comprehensive, dependable coverage.

Why This Matters

Small businesses consistently identify healthcare costs as a top concern. The Chamber now offers a direct avenue for members to obtain a plan that is both cost-effective and service-driven, improving employers' ability to attract and retain talent in a competitive marketplace.

ChamberCare advances the Chamber's mission of supporting economic vitality by investing in benefits that sustain a strong workforce and community.
