

The Smart Saver® Rebate Program Indiana

OUR REBATES

We provide cash rebates to encourage the purchase and installation of high-efficiency lighting, HVAC systems, commercial and agricultural equipment, as well as equipment for industrial facilities. Learn more at duke-energy.com/SaveMoney.

AGRICULTURAL EQUIPMENT REBATES	
Creep Heat Pad	\$125/heat pad
Dairy Heat Reclaimer	\$2,642/reclaimer
Low-energy Livestock Waterer	\$400/waterer
Milk Vacuum Pump VFD	\$400/horsepower
LED Poultry Lights	\$5/lamp

LIGHTING EQUIPMENT REBATES	
<i>For lighting operations >1,800 hours per year</i>	
LED Linear Ambient Fixtures	\$18/fixture
LED Highbay lamps or fixtures	Up to \$250/fixture
LED Bollard Fixture for Exterior Lighting	\$20/fixture
LED Decorative, Globe or 3-way Lamps	\$4/lamp
Exterior Bi-level Controls	\$.30/watt controlled
LED Case Light With and Without Controls	Up to \$57/fixture
LED PAR, BR or MR Lamp	\$8/lamp
LED Channel Signs	Up to \$30/letter
LED Sport Lighting	\$100/lamp
LED Track Lighting	\$38/fixture
Fluorescent Delamping	Up to \$12/lamp removed
LED Downlight	\$4/fixture
LED Floodlight Fixtures	Up to \$200/fixture
Parking Garage LEDs	Up to \$150/lamp
LED Panel Incentives	Up to \$31/fixture
LED Exit Signs	\$6/fixture

Note: All lighting fixtures must be installed indoors unless otherwise noted in the application. Certain rebates only apply in retrofit applications. LEDs must be listed on the DesignLights Consortium® (DLC) qualified products list.

HVAC EQUIPMENT REBATES	
<i>For HVAC operations >1,500 hours per year</i>	
High-volume Low-speed Fan	\$1,000/fan
Packaged Terminal Heat Pump	Up to \$60/unit
Multifamily Heat Pump Water Heater	\$250/unit
Notched V-belts	\$4/horsepower
Advanced Rooftop Controls	Up to \$288/ton
High-efficiency Fans	Up to \$100/unit
Guest Room Energy Management Controls	Up to \$80/room
Window Film	\$1/square foot
Demand Control Ventilation	\$.10/square foot
Water Heater Pipe Insulation	\$1.40/foot
Faucet Aerator	\$4.50/unit
Low-flow Showerhead	\$12.50/unit
Maintenance Measures	
Refrigerant Charge	\$17.50/system
Coil Cleaning	\$17.50/system
Economizer Repair and Optimization	\$25/economizer

Note: Rebate amounts vary depending on efficiency ratings and Btu/h ranges.

Smart Saver®
Business

COMMERCIAL EQUIPMENT REBATES	
Residential Refrigerator Used in Commercial Setting	Up to \$50/unit
Commercial Clothes Washing Equipment	Up to \$40/washer
Commercial Clothes Drying Equipment	Up to \$80/dryer
Strip Curtains	\$5/square foot
Suction Pipe Insulation	\$1.50/linear foot
Demand Control Ventilation for Kitchen Exhaust Hood	\$500/horsepower
Escalator Motor Efficiency Controller	\$20/horsepower
Beverage Reach-in Controller	\$50/controller
Commercial Dishwashing Equipment	Up to \$1,025/dishwasher
Zero Energy Doors	\$145/door
Commercial Cooking Equipment	Up to \$1,200/unit
Controlled Plug Strip	\$5/strip
Electronically Commutated Motor for Cooler, Freezer and Display Case Motors	\$10 per .01 horsepower

INDUSTRIAL EQUIPMENT REBATES	
Process Pumping	Up to \$400/pump
Variable Speed Air Compressor	\$50/horsepower
Engineered Nozzles	\$40/unit
Low-pressure Drop Filter	\$2.50/SCFM
No-loss Condensate Drain	\$200/drain
Cycling Compressed Air Dryer	\$2/SCFM

Important notes about Smart Saver rebates

1. Rebates are available for new construction and retrofit of existing and/or replacement of failed equipment.
2. As federal energy policy laws change, equipment efficiency levels may change.
3. Notification of any program changes will be posted on duke-energy.com.
4. Equipment must be installed and operational prior to submitting Prescriptive applications.
5. Prescriptive rebates cannot exceed 50% of the customer's equipment cost.

Custom Incentives

Smart Saver Custom Incentives are offered for equipment that is not included in our standard list of "prescribed" incentives.

Performance Option

If you have an innovative, energy-saving concept or your project savings are difficult to predict or calculate, then incentives can be offered based on actual measured "performance."

The Smart Saver Custom Incentive program requires project approval prior to entering contracts, placing orders for equipment or beginning construction.

For more information

To learn more and apply for a rebate, email PrescriptiveIncentives@duke-energy.com or visit duke-energy.com/SaveMoney. To apply for a Smart Saver Custom Incentive, visit duke-energy.com/Custom or email CustomIncentives@duke-energy.com. Additional questions? Call 866.380.9580.
